# 890R/590R APPLICATION-SPECIFIC CUSTOM ALLOY WHEELS

**890R & 590R SERIES:** 3-piece designs precision engineered for Sports Cars and Performance Sedans in 18-21"

**890R** >> Hidden Hardware | **590R** >> Visible Hardware

- I-beam spoke geometry minimizes unsprung mass & rotational inertia
- Light weight 3-piece forged 6061-T6 construction
- O.E. tire pressure sensor compatible
- ARP stainless steel fasteners

Corvette ZR1 shown with 593R wheels in Brushed finish.

Partial wheel design selection shown. See additional 890R and 590R designs at [hrewheels.com](http://hrewheels.com)

## 890R SERIES

## 590R SERIES

**560R**

**563R**

**565R**

**567R**

**560R SERIES:** Precision engineered for Muscle Cars, Compact Sport Coupes & Sedans in 18-20"

2010 Camaro shown with 565C wheels in Brushed with Tinted Clear finish.

- Light weight 3-piece forged 6061-T6 construction
- Hidden ARP stainless steel fasteners
- Minimized unsprung mass & rotational inertia
- O.E. tire pressure sensor compatible

**560R** >> Straight-Lip Rim | **560C** >> Stepped-Lip Rim

**560C SERIES:** Same features as 560R Series but with Competition-style stepped-lip rim.

**560C**

**563C**

**565C**

**567C**

Choice of "R" (straight-lip) or "C" (stepped-lip) rim in each style in the 560 Series.

# COMPETITION CUSTOM ALLOY WHEELS FOR STREET & TRACK PERFORMANCE

Ultra-Lightweight 3-piece designs precision engineered in Multi-lug or Centerlock format for Street & Track cars in 18-20" (Call for 17")

Porsche GT3 shown with C90 Centerlock wheels in Satin Black finish.

- Engineered to minimize unsprung mass & rotational inertia for optimal acceleration & braking performance
- Titanium fasteners & Direct bolt-in O.E. TPMS
- Aerospace grade, ultra light weight 3-piece forged 6061-T6 Aluminum construction
- Custom track & street fitments, centerlock versions available
